

# ASA CAREER EXPLORATION CURRICULUM

## UNIT 2: UNDERSTANDING OPTIONS: CAREER EXPLORATION

### Module 7

#### Module 7: Claim Your Future® Digital Lesson Plan

**Topics:** Skill Inventory, Independent Living Skills, Career Choices and their impact

**In this module, learners will:**

- Be introduced to the career clusters
- Consider and discuss their prior knowledge of career readiness through a Prewrite activity
- Play Claim Your Future®
- Record their feedback about the module to share with facilitators and staff

**Learner Objectives:**

By the end of this module, learners will be able to:

- Create a budget based on a career's salary
- Increase understanding of the balance between spending and saving
- Appraise their experience in the module through self-reflection

**Lesson Plan:**

**Claim Your Future® Prewrite**

Share the Claim Your Future® Prewrite page (page 2-3 in module plan) for students to fill out prior to playing the game. Sharing as a digital document where students can type in their answers is most effective.

**Claim Your Future®**

Share the digital version of the game: <https://asa.claimyourfuture.com/>

**Exit Ticket:**

Share the Claim Your Future® Exit Ticket page (page 4 in module plan) for students to fill out.

**Additional Resources:**

Use this Educator's Guide for additional activities to use:
